

## HER MAJESTY QUEEN ELIZABETH II

The Queen has ruled for longer than any other Monarch in British history, becoming a much loved and respected figure across the globe. Her extraordinary reign has seen her travel more widely than any other monarch, undertaking many historic overseas visits. Known for her sense of duty and her devotion to a life of service, she has been an important figurehead for the UK and the Commonwealth during times of enormous social change.

The Queen sees public and voluntary service as one of the most important elements of her work. The Queen has links - as Royal Patron or President - with over 600 charities, military associations, professional bodies and public service organisations. These vary from well-established international charities to smaller bodies working in a specialist area or on a local basis only.

The Queen first visited Scarborough in 1975 and was the first monarch to visit the town since Richard III in 1484. On 20<sup>th</sup> May 2010 the newly refurbished open air theatre was officially reopened by Her Majesty during her visit to the resort.

**Cayton Parish sends it heartiest congratulations to her Royal Highness on this auspicious occasion and we hope you will join our community to celebrate.**
